FSU Celebrates International Education Month

FSU celebrates [International Education Month](#) every November highlighting the benefits of international education and exchange. This observance is an expansion of the U.S. Department of State and U.S. Department of Education's [International Education Week](#), which was established to promote programs that prepare U.S. students to work in an increasingly globalized world, celebrate the value of international exchange, and connect future leaders.

Celebrate the benefits of international education and exchange throughout the month of November with the enriching schedule of virtual events below.
